PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our financial statements included in this Form 10-Q are as follows:

F-1 Balance Sheets as of May 31, 2015 and November 30, 2014 (unaudited);
F-2 Statements of Operations for the three and six months ended May 31, 2015 and 2014 (unaudited);
F-3 Statements of Cash Flows for the six months ended May 31, 2015 and 2014 (unaudited);
F-4 Notes to Financial Statements.

These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended May 31, 2015 are not necessarily indicative of the results that can be expected for the full year.

NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2015
(UNAUDITED)

NOTE 1 – NATURE OF BUSINESS

Nature of Business
Lans Holdings, Inc. (the "Company") was incorporated in Nevada on November 13, 2007. In 2014, The Company acquired a license to a software payment platform which allows merchants to advertise and sell goods and process payments so that they can cash in sales of their goods at the Company's online store.

The Company has incurred losses since inception, has negative working capital, and has not yet generated revenues from sales of products or services. These factors create substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company generating cash from the sale of its common stock and/or obtaining debt financing and attaining future profitable operations. Management's plans include selling its equity securities and obtaining debt financing to fund its capital requirement and ongoing operations; however, there can be no assurance the Company will be successful in these efforts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
These financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States and are expressed in US dollars. The Company's fiscal year end is November 30.

Interim Financial Statements
The accompanying unaudited interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained elsewhere in this prospectus. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end November 30, 2014 have been omitted.

Use of Estimates
The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to long-lived assets, and deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Financial Instruments
The Company's financial instruments consist of cash, accounts payable and accrued expenses, loans payable and an amount due to an officer. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Cash and Cash Equivalents
The Company considers all highly liquid instruments with maturity of three months or less to be cash equivalents. At May 31, 2015 and November 30, 2014, the Company had $2,322 and $0 of cash, respectively.

LANS HOLDINGS, INC.
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2015
(UNAUDITED)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Intangible Assets
Software, licenses and other rights have been capitalized in accordance with ASC 350-40 "Intangibles – Goodwill and Other – Internal-Use Software." Amortization is calculated on a straight line basis over its estimated useful life of 20 years.

If the total of the expected undiscounted future cash flows is less than the carrying amount of the asset, a loss is recognized for the excess of the carrying value over the fair value of the asset.

Income Taxes
The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting basis and the tax basis of the assets and liabilities and are measured using enacted tax rates and laws that will be in effect, when the differences are expected to reverse. An allowance against deferred tax assets is recognized, when it is more likely than not, that such tax benefits will not be realized.

Any deferred tax asset is considered immaterial and has been fully offset by a valuation allowance because at this time Company believes that it is more likely than not that the future tax benefit will not be realized as the Company has no current operations.

Revenue Recognition
The Company will recognize revenue when products are fully delivered or services have been provided and collection is reasonably assured.

Subsequent Events
The Company has evaluated all transactions through the date the financial statements were issued for subsequent event disclosure consideration.

Loss Per Common Share
Basic earnings per share is computed by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of May 31, 2015 and November 30, 2014, the Company has no potentially dilutive securities outstanding.

Recent Accounting Pronouncements
The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – INTANGIBLE ASSETS

a) On November 21, 2014, the Company entered into a license agreement (the "License Agreement") with PayFlex Systems ("Payflex"). The President of PayFlex is also the Company's Chief Executive Officer. Pursuant to the License Agreement, the Company obtained an exclusive worldwide license to use all of PayFlex's payment processor codes, patent and intellectual rights, contracts, permits and licenses. The license is for twenty years unless terminated earlier as provided for in the License Agreement.

In exchange for the license, the Company is required to pay PayFlex $150,000 in cash for the license and raise $200,000 for its own working capital needs within 90 days of closing the License Agreement. The Company is also required to issue a number of shares of the Company's common stock necessary to give 55% of the total issued and outstanding shares of the Company to PayFlex or its nominees within 90 days of closing the License Agreement.

In addition, the Company would be required to issue a number of shares of the Company's common stock necessary to give 70% of the total issued and outstanding shares of the Company to PayFlex or its nominees on the anniversary of the License Agreement in which the Company's audited filed financial statements for gross annual revenues attributable to the business exceeds $5,000,000.

The Company has not made the required cash and share payments. The cash requirement of $150,000 was recorded by the Company as an expense and a payable to a related party. The Company has not raised the $200,000 required by the License Agreement. As of the date of the financial statements, the amount has not been paid and the Company has obtained a 60-day extension.

LANS HOLDINGS, INC.
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2015
(UNAUDITED)

NOTE 3 – INTANGIBLE ASSETS (CONTINUED)

The Company evaluated this transaction by reviewing the ownership percentages of the new shareholders as of the acquisition date following SAB Topic 5G. The Company is determined to be both the legal acquirer and the accounting acquirer of these assets. Since the new shareholders simultaneously obtained the control of the Company, with an overall ownership percentage of approximately 55%, the assets acquired from PayFlex were recorded at the cash requirement of $150,000.

At November 30, 2014, due to the Company's uncertain future revenues generated by the license, the Company performed impairment tests as prescribed by ASC 350. As a result, the Company recorded an impairment charge totaling $150,000.

b) On April 17, 2015, the Company entered into an asset purchase agreement (the "Purchase Agreement") with Transaction Data USA Inc. ("Transaction Data"). Pursuant to the Purchase Agreement, the Company acquired the various assets (the "Assets") from TDUSA.

In consideration for the Assets, the Company agreed to issue TDUSA 400,000 shares of its Series A Preferred Stock and 19,985,000 shares of its common stock.

As part of the transaction, the Company's officer and director agreed to exchange his 7,000,000 shares of common stock into 100,000 shares of Series A Preferred Stock and a significant shareholder agreed to exchange his 12,985,000 shares of common stock into 99,859 shares of Series A Preferred Stock.

In addition, pursuant to the Purchase Agreement, the Company agreed to use its best efforts to raise $375,000 for working capital needs and to develop the business surrounding the Assets; grant TDUSA the right to appoint two persons to the Company's board of directors; and grant TDUSA a revenue share of the new business.

As of May 31, 2015, the Company has paid TDUSA $50,000 of the working capital requirement.

The Company evaluated this transaction by reviewing the ownership percentages of the new shareholders as of the acquisition date following SAB Topic 5G. The Company is determined to be both the legal acquirer and the accounting acquirer of these assets. The assets acquired from TDUSA were recorded at the cash consideration of $50,000 and the fair value of the shares issued of $2,100,000.

At May 31, 2015, due to the Company's uncertain future revenues generated by the assets, the Company performed impairment tests as prescribed by ASC 350. As a result, the Company recorded an impairment expense of $2,150,000.

NOTE 4 – ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses of $33,581 and $7,892 at May 31, 2015 and November 30, 2014, respectively, consist of amounts owed to the Company's service providers for services rendered.

NOTE 5 – LOANS PAYABLE

a) On November 24, 2014, the Company issued a $25,000 promissory note to a director of the Company pursuant to the Agreement of Conveyance, Transfer and Assignment of Obligations described in Note 7. The promissory note is unsecured, non-interest bearing and due within six months of the date of issuance. As of May 31, 2015, the note was not yet repaid. The Company is currently in renegotiations to adjust the terms of the note.

b) On March 26, 2015, the Company entered into a $75,000 loan agreement with a non-related party. The loan is unsecured, bears interest at 7.5% per year, and is due on March 31, 2016. At May 31, 2015, the Company had accrued interest of $955.

NOTE 6 – CAPITAL STOCK

The Company's authorized capital stock consists of 500,000,000 shares of common stock, with a par value of $0.001 per share, and 100,000,000 shares of preferred stock, par value $0.001 per share.

On April 21, 2015, the Company designated a class of Series A Preferred Stock. The Series A Preferred Stock consists of 599,859 shares. The Series A Preferred Stock may bear quarterly dividends of 7% per annum in cash or common stock at the Company's option. The Series A Preferred Shares have voting rights of 112 votes per share, liquidation preference of $5.00 per share, and are convertible into common shares on a 1:100 basis at $0.05 per share, with adjustments.

The Company issued 599,859 shares of Preferred Stock pursuant to the Purchase Agreement described in Note 3(b).

LANS HOLDINGS, INC.
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2015
(UNAUDITED)

NOTE 7 – DUE TO RELATED PARTY

On November 21, 2014, the Company entered into an Agreement of Conveyance, Transfer and Assignment of Assets and Assumption of Obligations with directors of the Company. Pursuant to the agreement, the Company transferred all assets and business operations associated with hexagon fishing nets to the directors of the Company. In exchange, the directors of the Company agreed to cancel 73,315,000 shares in the Company and assume and cancel all liabilities relating to the Company's former business, including officer loans amounting to $100,814. A director of the Company will retain 1,085,000 shares of common stock in the Company. In consideration for the cancellation of amounts due to an officer and the return of the shares, the Company issued a $25,000 promissory note to the director of the Company. Refer to Note 5. As a result of the forgiveness of the loans and cancellation of stock, the Company recognized $75,814 as a contribution to capital. As of May 31, 2015, the 73,315,000 shares had not been cancelled.

On November 21, 2014, the Company entered into a License Agreement with the Chief Executive Officer of the Company (Note 3(a)). At November 30, 2014, the Company was indebted to the Chief Executive Officer of the Company for $150,000 related to the License Agreement. The amount is due by February 19, 2015. As of May 31, 2015, the amount had not been paid by the Company.

NOTE 8 – COMMITMENTS

a) The Company neither owns nor leases any real or personal property. An officer of the Company has provided office services without charge. There is no obligation for the officer to continue this arrangement. Such costs are immaterial to the financial statements and accordingly are not reflected herein. The officers and directors of the Company are involved in other business activities and most likely will become involved in other business activities in the future.

b) On November 19, 2014, the Company entered into an investor relations services agreement. Pursuant to the agreement, the Company will pay $2,500 a month for investor relations services for a term of one year.

c) The Company entered into the agreement described in Note 3(a) with the Chief Executive Officer of the Company. Pursuant to the agreement, the Company is required to pay $150,000 in cash for the license and issue a number of shares of the Company's common stock necessary to give 55% of the total issued and outstanding shares of the Company to PayFlex or its nominees. In addition, the Company is required to issue a number of shares of the Company's common stock necessary to give 70% of the total issued and outstanding shares of the Company to PayFlex or its nominees on the anniversary of the Licensing Agreement in which the Company's audited filed financial statements for gross annual revenues attributable to the business exceeds $5,000,000. The President of PayFlex is also the Company's Chief Executive Officer.

The Company is also required to raise $200,000 for working capital needs within 90 days of closing the License Agreement.

d) Pursuant to the Purchase Agreement described in Note 3(b) the Company has agreed to use its best efforts to raise an additional $325,000 for its own working capital needs and to develop the business surrounding the acquired Assets.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. We intend such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Company Overview

Our plan is to develop a payment processor business. Despite having acquired a license from PayFlex Systems in late 2014 to use codes, intellectual property rights, contracts, permits and other items in a payment processor business, we have been unsuccessful in establishing a platform to sell payment processor services. This was in large part due to our inability to raise money to finance the project.

Since we acquired the license, we have been looking for ways to obtain financing. We have not made the required cash and share payments under the license agreement. The cash requirement of $150,000 was recorded by us as an expense and payable to related party. At November 30, 2014, as a result of uncertain future revenues derived by the license, we decided to impair the asset. As of the date of the financial statements, the amount has not been paid and the Company has obtained a 60-day extension.

On April 17, 2015, we acquired certain assets from Transaction Data USA Inc., namely its MCRd Application Framework and some existing customer files and accounts, in an effort to gain momentum in the pursuit of our business plan. We plan to use the acquired technology to deploy a new SaaS (Security as a Service) enterprise solution called CLOUDECRYPT. We believe this solution reduces the complex process for managing enterprise data encryption. Using this platform, we believe our potential customers will more easily migrate clients to a better security base to prevent credit card cloning and identity theft in retail locations. The platform should also enable providers to reduce compliance and management costs of data encryption for multiple customers.

We plan to focus on providing a certified and compliant solution that will be recognized by a council formed and managed by Visa, MasterCard, Discover, AMEX and JCB. Payment gateways and other companies that develop and market solutions to businesses that process credit cards can leverage the CLOUDECRYPT platform which we believe will provide the most secure solution to meet compliance requirements at a fraction of the cost than doing it internally. The hardware and peripheral options are also more easily supported to reduce cost to commercialize encrypted payment solutions by service providers. We plan to combine the CLOUDECRYPT with the Open4Biz (cloud business management apps) and Payment-Engine (cloud based retail and ecommerce platform) all of which are expected to be "EMV ready" (meaning ready to support the latest card payment "chip and pin" security known as EMV (Europay, MasterCard and Visa). We intend to provide the next generation one stop solution for retail and ecommerce businesses.

We have recently joined the EMV Migration Forum to support the effort to drive adoption of secure chip-based technologies in the United States. In June 2015, our director, Mr. Anthony Ribas, attended the Forum in Herndon, VA at the Hyatt Dulles at Dulles International Airport. The meeting drew over 290 attendees from all of the global payment brands and other stakeholders representing financial institutions, merchants, processors, acquirers, regional debit networks, device manufacturers and industry associations who have joined the EMV Migration Forum.

In order to implement our new plan, we will need to raise additional capital. We estimate that we will need approximately $275,000 in the next twelve months. These funds will be used to cover our contractual obligations and for general working capital needs. If we are unable to raise money, we will not be able to able to provide prospective customers with an EMV ready payment processor solution.

Results of operations for the three and six months ended May 31, 2015 and 2014

We have not earned any revenues since our inception on November 13, 2007. We do not anticipate earning revenues until such time that we have fully developed and are able to market our payment processor business.

We incurred operating expenses in the amount of $2,185,121 for the three months ended May 31, 2015, compared with operating expenses of $4,900 for the three months ended May 31, 2014. We incurred operating expenses in the amount of $2,198,367 for the six months ended May 31, 2015, compared with operating expenses of $8,481 for the six months ended May 31, 2014. Our operating expenses for the three and six months ended May 31, 2015 increased over the same periods ended May 31, 2014 and mainly consisted of a $2,150,000 impairment of our license agreement with TDUSA and general and administrative expenses.

We anticipate our operating expenses will increase as we undertake our plan of operations. The increase will be attributable to undertaking development of our payment processor business and the professional fees associating with being a reporting company under the Securities Exchange Act of 1934.

We incurred a net loss in the amount of $2,185,121 for the three months ended May 31, 2015, as compared with a net loss in the amount of $4,900 for the three months ended May 31, 2014. We incurred a net loss in the amount of $2,198,367 for the six months ended May 31, 2015, as compared with a net loss in the amount of $8,481 for the six months ended May 31, 2014. Our losses for each period are attributable to operating expenses together with a lack of any revenues.

Liquidity and Capital Resources

As of May 31, 2015, we had $2,322 in current assets consisting entirely of cash. Our total current liabilities as of May 31, 2015 were $283,581. As a result, we have a working capital deficit of $281,259 as of May 31, 2015.

Operating activities used $22,678 in cash for the six months ended May 31, 2015. Our negative operating cash flow was mainly the result of our net loss of $2,198,367, offset by $2,150,000 impairment to our license agreement along with a $25,689 increase in accounts payable and accrued expenses. We primarily relied on cash from loans to fund our operations during the period ended May 31, 2015.

Investing activities used $50,000 in cash for the six months ended May 31, 2015 in connection with the impairment of our license agreement.

Financing activities provided $75,000 in cash for the six months ended May 31, 2015. On March 30, 2015, we borrowed $75,000 from an unrelated third party. The loan is due March 31, 2016 and has annual interest at 7.5%. This money is earmarked for our working capital needs.

The success of our business plan beyond the next 12 months is contingent upon us obtaining additional financing. We intend to fund operations through debt and/or equity financing arrangements, which may be insufficient to fund our capital expenditures, working capital, or other cash requirements. We do not have any formal commitments or arrangements for the sales of stock or the advancement or loan of funds at this time. There can be no assurance that such additional financing will be available to us on acceptable terms, or at all.

Off Balance Sheet Arrangements

As of May 31, 2015, there were no off balance sheet arrangements.

Going Concern

We have negative working capital and have not yet received revenues from sales of products. These factors have caused our accountants to express substantial doubt about our ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if we are unable to continue as a going concern.

Our ability to continue as a going concern is dependent on our generating cash from the sale of our common stock and/or obtaining debt financing and attaining future profitable operations. Management's plans include selling our equity securities and obtaining debt financing to fund our capital requirement and ongoing operations; however, there can be no assurance we will be successful in these efforts.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of May 31, 2015. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of May 31, 2015, our disclosure controls and procedures were not effective due to the presence of material weaknesses in internal control over financial reporting.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis. Management has identified the following material weaknesses which have caused management to conclude that, as of May 31, 2015, our disclosure controls and procedures were not effective: (i) inadequate segregation of duties and effective risk assessment; and (ii) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of both US GAAP and SEC guidelines.

Remediation Plan to Address the Material Weaknesses in Internal Control over Financial Reporting

Our company plans to take steps to enhance and improve the design of our internal controls over financial reporting. During the period covered by this quarterly report on Form 10-Q, we have hired a CFO, which we believe provides better segregation of duties and additional staff to monitor our disclosures, but we have otherwise been able to remediate the material weaknesses identified above. To remediate such weaknesses, we plan to implement the following changes during our fiscal year ending November 30, 2015: (i) appoint additional qualified personnel to address inadequate segregation of duties and ineffective risk management; and (ii) adopt sufficient written policies and procedures for accounting and financial reporting. The remediation efforts set out are largely dependent upon our securing additional financing to cover the costs of implementing the changes required. If we are unsuccessful in securing such funds, remediation efforts may be adversely affected in a material manner.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the six months ended May 31, 2015 that have materially affected, or are reasonable likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We are not a party to any pending legal proceeding. We are not aware of any pending legal proceeding to which any of our officers, directors, or any beneficial holders of 5% or more of our voting securities are adverse to us or have a material interest adverse to us.

Item 1A:Risk Factors

A smaller reporting company is not required to provide the information required by this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On April 17, 2015, as a result of the Purchase Agreement with Transaction Data, we issued Transaction Data 400,000 shares of our Series A Preferred Stock and 19,985,000 shares of our common stock. As part of the transaction, our officer and director agreed to exchange his 7,000,000 shares of common stock into 100,000 shares of Series A Preferred Stock and a significant shareholder agreed to exchange his 12,985,000 shares of common stock into 99,859 shares of Series A Preferred Stock.

The above securities were issued pursuant to the exemption from registration set forth in Section 4(a)(2) of the Securities Act of 1933, as amended, and/or Rule 506 of Regulation D promulgated thereunder. The Company believes that the investor had adequate information about the Company as well as the opportunity to ask questions and receive responses from management.

Item 3. Defaults upon Senior Securities

None

Item 4. Mine Safety Disclosures
