

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT UNDER SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period Ended **August 31, 2018**

Commission File No:

HEMP NATURALS, INC.

(Exact Name of Registrant As Specified In Its Charter)

Delaware

(State or other jurisdiction of incorporation or
organization)

47-5604166

IRS I.D.

**16950 North Bay Road, Suite 1803
Sunny Isles Beach, Florida 33160**

(Address of principal executive offices)

(47) 301-8431

(Issuer's telephone
number)

(347) 301-8431

(Name, address and telephone number of agent for service)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common equity, as of the latest practicable date: As of July 9, 2018, the Company had outstanding 324,125,983 shares of its common stock, par value \$0.0001.

Special Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q, including "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 2 of Part I of this report include forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance, or achievements expressed or implied by forward-looking statements.

In some cases, you can identify forward-looking statements by terminology such as "may," "should," "expects," "plans," "anticipates," "believes,"

"estimates," "predicts," "potential," "proposed," "intended," or "continue" or the negative of these terms or other comparable terminology. You should read statements that contain these words carefully, because they discuss our expectations about our future operating results or our future financial condition or state other "forward-looking" information. There may be events in the future that we are not able to accurately predict or control. Before you invest in our securities, you should be aware that the occurrence of any of the events described in this Quarterly Report could substantially harm our business, results of operations and financial condition, and that upon the occurrence of any of these events, the trading price of our securities could decline and you could lose all or part of your investment. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, growth rates, levels of activity, performance or achievements. We are under no duty to update any of the forward-looking statements after the date of this Quarterly Report to conform these statements to actual results.

Hemp Naturals, Inc.
Notes to the Financial Statements
(Unaudited)

Note 1 Organization and Description of Business

Hemp Naturals, Inc. (the Company) was incorporated under the laws of the State of Delaware on November 13, 2015. The Company intends to offer consumer goods that are made of industrial hemp and/or the non-psychoactive ingredients of the cannabis plant.

The Company has elected November 30th as its year end.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

This summary of significant accounting policies is presented to assist in understanding the Company's unaudited interim financial statements. These accounting policies conform to accounting principles, generally accepted in the United States of America, and have been consistently applied in the preparation of the unaudited interim financial statements. While the information presented in the accompanying interim financial statements for the nine months ended August 31, 2018 is unaudited, it includes all adjustments which are, in the opinion of management, necessary to present fairly the financial position, results of operations and cash flows for the interim period presented in accordance with the accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations and financial position have been included and all such adjustments are of a normal recurring nature. The accompanying unaudited interim financial statements should be read in conjunction with the Company's audited financial statements (and notes thereto) for the fiscal year ended November 30, 2017 included elsewhere in the Company's Form 10-K filed with the SEC on August 8, 2018. Operating results for the nine months ended August 31, 2018 are not necessarily indicative of the results that can be expected for the year ending November 30, 2018. Notes to the financial statements which would substantially duplicate the disclosures contained in the audited financial statements for the most recent fiscal period, as reported in the Form 10-K for the most recent fiscal year, as filed with the Securities and Exchange Commission on August 8, 2018, have been omitted.

Use of Estimates

The preparation of unaudited interim financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. In the opinion of management, all adjustments necessary in order to make the financial statements not misleading have been included. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company's balance sheet includes certain financial instruments. The carrying amounts of current assets and current liabilities approximate their fair value because of the relatively short period of time between the origination of these instruments and their expected realization.

[Table of Contents](#)

ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets□quoted prices for identical or similar assets or liabilities in markets that are not active□inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates)□and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs that are both significant to the fair value measurement and unobservable.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of August 31, 2018. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values due to the short-term nature of these instruments. These financial instruments include accrued expenses

Related Parties

The Company follows ASC 850, *Related Party Disclosures*, for the identification of related parties and disclosure of related party transactions.

Note 3 □ Going Concern

The Company's unaudited interim financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business.

The Company demonstrates adverse conditions that raise substantial doubt about the Company's ability to continue as a going concern for one year following the issuance of these unaudited interim financial statements. These adverse conditions are negative financial trends, specifically operating loss, working capital deficiency, and other adverse key financial ratios.

The Company has not established any source of revenue to cover its operating costs. Management plans to fund operating expenses with related party contributions to capital until such time as revenue is sufficient to cover expenses. There is no assurance that management's plan will be successful.

The unaudited interim financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event that the Company cannot continue as a going concern.

□

Note 4 **Commitments and Contingencies**

The Company follows ASC 450-20, *Loss Contingencies*, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

Office Space

The Company contracted the use of 3,000 square feet of space owned by our Secretary, Maryna Kleier, who has been and will be contributing the space, valued at \$5,000 per month, to the Company as additional paid-in capital July 1, 2017 until July 1, 2028. Beginning July 1, 2028, the Company is obligated to pay \$5,000 monthly for the use of their office space per the terms of the rental contract.

Note 5 **Prepaid Expenses**

During the nine months ended August 31, 2018, the Company issued 58,000,000 shares of common stock as compensation for consulting services. The fair value of the shares issued as compensation was \$0.20 per share.

Note 6 **Convertible Note Payable**

In February 28, 2018, the Company entered into a share purchase agreement with third party Adar Days LLC (“Adar”) in which the Company sold a promissory note to Adar at 8% annual interest and convertible to discounted shares at 55% discount. The one year promissory note was purchased March 1, 2018. As of August 31, 2018, the convertible note payable, derivative liability and accumulated interest totaled \$14,050.

Fair Value Measurements

The Company adopted the provisions of ASC Topic 820, “Fair Value Measurements and Disclosures”, which defines fair value as used in numerous accounting pronouncements, establishes a framework for measuring fair value and expands disclosure of fair value measurements.

The estimated fair value of certain financial instruments, payables to related parties, and accounts payable and accrued expenses are carried at historical cost basis, which approximates their fair values because of the short-term nature of these instruments.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities

Level 2 - quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3 - inputs that are unobservable (for example cash flow modeling inputs based on assumptions)

[Table of Contents](#)

The Company used Level 3 inputs for its valuation methodology for the conversion option liability in determining the fair value using a Black-Scholes option-pricing model with the following assumption inputs:

	March 6, 2018	August 31, 2018
Annual dividend yield	□	□
Expected life (years)	1	.5
Risk-free interest rate	2.00%	2.38%
Expected volatility	219.0%	255.0%

	Fair Value Measurements at August 31, 2018 Using Fair Value Hierarchy		
	Level 1	Level 2	Level 3
Liabilities			
Embedded derivative liabilities			131,531
Total			\$ 131,531

Derivative Liabilities

The embedded conversion features of the above convertible notes payable and warrants contain discounted conversion prices and should be recognized as derivative instruments. Such embedded conversion features should be bifurcated and accounted for at fair value. As of November 30, 2017 and August 31, 2018, the Company had a derivative liability balance of \$0 and \$131,531, respectively. The Company uses the Black-Scholes option-pricing model to calculate derivative liability.

Fair Value of Embedded Derivative Liabilities	
November 30, 2017	\$ -
Addition	131,139
Converted	-
Change in Fair Market Value	-
Changes in fair value of derivative liabilities	352
As of August 31, 2018	<u>\$ 131,531</u>

Note 7 Shareholder Equity

Preferred Stock

The authorized preferred stock of the Company consists of 20,000,000 shares with a par value of \$0.0001. The Company has no shares of preferred stock issued and outstanding as of August 31, 2018 and November 30, 2017.

Common Stock

The authorized common stock of the Company consists of 1,200,000,000 shares with a par value of \$0.0001. There were 324,125,983 and 200,125,983 shares of common stock issued and outstanding as of August 31, 2018 and November 30, 2017, respectively.

On January 14, 2018 29,000,000 common shares were issued to an entity controlled by our CEO as compensation for a two year agreement to provide consulting to the Company.

On January 10, 2018 29,000,000 common shares were issued to a shareholder as compensation for a two year agreement to provide consulting to the Company.

Pertinent Rights and Privileges

Holders of shares of Common Stock are entitled to one vote for each share held to be used at all stockholders' meetings and for all purposes including the election of directors. Common Stock does not have cumulative voting rights. Nor does it have preemptive or preferential rights to acquire or subscribe for any unissued shares of any class of stock.

Holders of shares of Preferred Stock are entitled to voting rights where every one share of Preferred Stock has voting rights equal to one hundred shares of Common Stock.

Additional Paid In Capital

During the nine months ended August 31, 2018, our CEO paid a combined \$5,841 in operating expenses which is recorded as additional paid in capital. Our secretary provided rental space to the company totaling \$45,000, which is recorded as additional paid in capital. A shareholder paid operating expenses of \$1,500 and another shareholder advanced \$5,000 to the Company. These contributions from the two shareholders are posted as additional paid in capital as there is no expectation of repayment.

Note 8 Related-Party Transactions

Contributed Capital

During the nine months ended August 31, 2018, our CEO paid a combined \$5,841 in operating expenses which is recorded as additional paid in capital. Our secretary provided rental space to the company totaling \$45,000, which is recorded as additional paid in capital. A shareholder paid operating expenses of \$1,500 and another shareholder advanced \$5,000 to the Company. These contributions from the two shareholders are posted as additional paid in capital as there is no expectation of repayment.

Equity

On January 14, 2018 29,000,000 common shares were issued to Blue Car Enterprise, an entity controlled by our CEO, as compensation for a two year agreement to provide consulting to the Company.

On January 10, 2018 29,000,000 common shares were issued to the Elad National Properties, a shareholder, as compensation for a two year agreement to provide consulting to the Company.

Office Space

At this time our office space is provided to us rent free by our Secretary Maryna Kleier which is accounted for as contribution of \$5,000 monthly. Our office space is located at 1950 North Bay Road, Suite 1803 Sunny Isles Beach, Florida 33100. After July 1, 2028, the Company is obligated to pay \$5,000 monthly.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with our unaudited interim financial statements.

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements." These forward looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse effect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements.

Critical Accounting Policies and Estimates

Our unaudited interim financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States ("US GAAP"). US GAAP requires the use of estimates, assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenues and expenses amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our unaudited interim financial statements.

We believe the following is among the most critical accounting policies that impact our unaudited interim financial statements. We suggest that our significant accounting policies, as described in our unaudited interim financial statements in the Summary of Significant Accounting Policies, be read in conjunction with this Management's Discussion and Analysis of Financial Condition and Results of Operations.

Accounting Standard Codification ("ASC") Topic 605

We recognize revenue in accordance with ASC Topic 605, "Revenue Recognition" when persuasive evidence of an arrangement exists, delivery has occurred, the sales price is fixed or determinable, and collectability is reasonably assured.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements.

[Table of Contents](#)

Overview

Result of Operations

We have generated no revenue for the three and nine months ended August 31, 2018 and 2017.

Expense Overview

Expenses for the three and nine months ended August 31, 2018 and August 31, 2017 consisted of SGA operating expenses.

General and Administrative

General and Administrative expenses mainly consisted of organization and related expenses in 2017 and professional fees in 2018. General and Administrative expenses for the three months ended August 31, 2018 and August 31, 2017 were \$1,850,820 and \$19,054, respectively. General and Administrative expenses for the nine months ended August 31, 2018 and August 31, 2017 were \$4,925,004 and \$104,005, respectively.

Operating loss

Operating loss for the three months ended August 31, 2018 and August 31, 2017 was \$1,850,820 and \$19,054, respectively. Operating loss for the nine months ended August 31, 2018 and August 31, 2017 was \$4,925,004 and \$104,005, respectively.

Liquidity and Capital Resources

Cash and Cash Equivalents

Our cash and cash equivalents at the beginning of the nine month period ended August 31, 2018 was \$11 and increased to \$1,005 at the end of the period.

Operating Activities

Operating activities used \$1,008 and \$4,005 in cash for the nine months ended August 31, 2018 and August 31, 2017, respectively. The decreases were due to net loss in the respective periods.

Liabilities

Liabilities, consisting of accrued expenses and a convertible note payable, at the beginning of the nine month period ended August 31, 2018 were \$9,004 and increased to \$182,185 at the end of the period. The increase was primarily due to the sale of the convertible note payable, the allowance for the value of the derivative liability due to the conversion share discount, and accumulated interest (See Note 3).

Working Capital

Our working capital was \$3,001,002 and \$10,348,022 on November 30, 2017 and August 31, 2018, respectively.

Going Concern

The Company's unaudited interim financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business.

The Company demonstrates adverse conditions that raise substantial doubt about the Company's ability to continue as a going concern for one year following the issuance of these unaudited interim financial statements. These adverse conditions are negative financial trends, specifically operating loss, working capital deficiency, and other adverse key financial ratios.

The Company has not established any source of revenue to cover its operating costs. Management plans to fund operating expenses with related party contributions to capital until such time as revenue is sufficient to cover expenses. At the date of this filing, management has spent several months focused on marketing, both online and at the retail level. The Company's website has been developed and our rolling papers are available at a promotional rate at twenty-five retail operations, with no revenues realized by the Company to date. Our expectation is that the promotional phase of rolling paper sales will transition to profitable operations during the fourth quarter of the 2018 fiscal year, however there is no certainty regarding this.

The unaudited interim financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event that the Company cannot continue as a going concern.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Pursuant to Item 305(e) of Regulation S-K (§ 229.305(e)), the Company is not required to provide the information required by this Item as it is a "smaller reporting company," as defined by Rule 229.10(f)(1).

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We conducted an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended ("Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by the company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures also include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure. Based on this evaluation, our Chief Executive Officer concluded as of August 31, 2018 that our disclosure controls and procedures were not effective at ensuring that the material information required to be disclosed in the Exchange Act reports is recorded, processed, summarized and reported as required in applicable SEC rules and forms. Through the use of external consultants and the review process, management believes that the financial statements and other information presented herewith are materially correct.

Changes in Internal Control over Financial Reporting

During the nine months ended August 31, 2018, there were no changes in our internal control over financial reporting identified in connection with management's evaluation of the effectiveness of our internal control over the financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

Neither the Company nor its property is a party to any pending legal proceeding.

Item 1A. Risk Factors

The Company is not required to provide the information required by this Item as it is a “smaller reporting company,” as defined by Rule 229.10(f)(1).

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.
